OBJECTIVE

Passionate and detail-oriented Web Developer with skills in frontend and backend technologies including PHP, MySQL, and React.js. Seeking an internship opportunity to apply and expand my technical skills in real-world development environments.

EXPERIENCE

Deloitte Australia – Technology Job Simulation (Virtual)
Forage Internship | June 2025

- Simulated a real Deloitte client project involving code review, data handling, and client reporting.
 - Wrote and debugged backend scripts to process mock client data, improving workflow accuracy by ~30%.
 - Delivered a final client-facing solution summary within project deadlines, demonstrating communication and time management skills.
 - Applied core consulting principles and agile methodologies to meet business -tech requirements.
